PRELIMINARY AMENDMENT

Prior to examination, please amend the above-identified patent application as follows:

In the Claims:

Please cancel claims 1-65, 67-68, 77-79, 85 and 88-132.

Please amend claims 66, 69, 74-75, 80, 84 and 86-87 as follows. A marked-up version showing the changes made to the claims by this Preliminary Amendment is attached as Appendix A.

66. (Amended) A shield for a device for measuring optical characteristics of an object in a field of view, the device having an illumination source comprising:

a body defining an aperture through which the object is measured;  
means for engaging said body against the measuring device whereby ambient light is restricted from entering said body; and  
a reference area secured to the body and proximate said aperture, said reference area in the field of view and adapted to establish an illumination reference in the field of view.
